FULL SERVICE CATERING TESTIMONIALS

## LISA BROWN

Everyone was blown away by the food. Our guests had never had a buffet experience quite like this one. One year later I still have guests complimenting the fried chicken!

## JOSEE FORGET

Everyone is RAVING about the food and asking me where it was from! Everything from the hors d'oeuvres to the poutine were amazing!!! Thank you for working in such a limiting space (in a field) for us! The day was incredible and you made it so much better :) couldn't have asked for a better caterer.

## MARLENE DAVIS

Professional and very affordable. The salmon was probably the best I've ever tasted! The buffet to the passed appetizers were above and beyond anyone's expectations. Cheesecake dessert was the best!

## JENNIFER MARTIN

We had requested heirloom use products from our family farm. They obliged without hesitation, even though they regularly wouldn't be using the type of meat we asked for. They are very accommodating and the food was amazing- especially for the price (they even worked with our budget) thank you.

## SARAH ROLAND

I recommend heirloom to everyone. I have personally been a guest at multiple weddings they have catered of my friends. Their food is some of the best in the city.
